

Dear Parents,

The school year is over and we all look forward to a nice, restful summer.

Over the summer I would like your children to continue to read and be read to by you. I am requiring that each child read six books. Please print out 2 recording sheets and fill in the information on each book. The child should choose which book was their favorite and write (with help) and color the book report sheet (Get The Scoop).

The students will bring their book reports and recording sheets back on the first day of First Grade. We will have an oral language activity where they will talk about their favorite book to the class.

This reading assignment is mandatory and will be a large part of their First Trimester Reading grade.

I look forward to meeting your children and getting to know them. Have a safe and happy summer.

Sincerely,

Ms. Starr
First Grade Teacher
